

## EU Type Examination Certificate

Date: 2018/12/06

n. **788184902/OE**

Validity:  
2023/12/05

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	<b>FERIDAX (1957) Ltd</b> Park Lane, Halesowen, B63 2NT West Midlands – UK	
Type of PPE:	<b>Protective gloves for motorcycle riders.</b>	
Category of PPE:	<b>II</b> : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model	<b>"BEAM"</b>	
Description:	<p><u>model</u>: five fingers;  <u>palm side</u>: black grain leather (code NL-01) matched to black knitting (code PL-01, total thickness about 1,6-1,7 mm);  <u>back side</u>: black grain leather (code NL-01, thickness about 1,3-1,4 mm), black perforated grain leather (code NL-02, thickness about 1,3-1,4 mm), white grain leather on the back of thumb (code NL-01 W, thickness about 1,3 mm), white perforated grain leather (code NL-02 W, thickness about 1,2 mm), piping made in grey reflective material;  <u>lining back side</u>: black knitting matched to grey foam material (code PL-06, thickness about 4,2-4,3 mm);  <u>side wall of index and little finger</u>: black grain leather (code NL-01);  <u>partial reinforcements</u>: on palm side, black grain leather (code NL-01) and black grain leather (code PT-01); on back side, fluo yellow grain leather (code NL-01 YF) and rigid polymeric material "Carbon" (code CA-04);  <u>fourchettes</u>: black grain leather (code NL-01);  <u>elastic wrist-band</u>: applied internally on the palm and back side;  <u>cuff</u>: black grain leather (code NL-01) matched to black knitting (code PL-01), white perforated grain leather (code NL-02 W) and black perforated grain leather (code NL-02);  <u>lining of the cuff (only back)</u>: black knitting matched to grey foam material (code PL-06);  <u>fastening</u>: strap made of black grain leather (code NL-01) closed with a hook and loop fastener applied on the palm side and flap made of black grain leather (code NL-01) closed with a hook and loop fastener applied on the palm side;  <u>reinforcement on palm basis (impact abrasion area)</u>: black grain leather (code NL-01) padded with grey foam material (thickness about 3,6 mm) and black fabric;  <u>knuckle reinforcements</u>: rigid polymeric material "Carbon" (code CA-04) padded with grey foam material (thickness about 3,6 mm) and black knitting matched to grey foam material (code PL-06).</p>	
Technical Standard:	<b>EN 13594:2015</b>	Protective gloves for motorcycle riders – requirements and test methods.
Intended use:	for motorcycling activities, intended to give protection against ambient conditions together with limited mechanical protection to the hands and wrists in accidents.	
Size range:	XS, S, M, L, XL, 2XL, 3XL, 4XL.	

## EU Type Examination Certificate

Date: 2018/12/06

n. **788184902/OE**

Validity:  
2023/12/05

Technical File: **DC-10156/E**

Test report: **RCT n° 3745081/E**

Functions and performance levels:

**EN 420:2003 + A1:2009. Protective gloves. General requirements and test methods:**  
the gloves satisfy the general requirements of design and manufacturing, innocuousness, ergonomic properties.

**EN 13594:2015. Protective gloves for motorcycle riders:**

According to the basic requirements tested and assessed, this glove has obtained an overall performance level of **1** (\*)

**KP** = additional property indicating the presence of the knuckle protection.

(\*): the higher level provided by the technical standard is level 2, granted to gloves providing an increased protection with respect to level 1 but might have weight and ergonomic restriction penalties.

Marking:

printed on a stitched label and displaying the following information:

- **CE Marking;**
- registered Trademark of the Manufacturer;
- item designation (article name);
- pictogram to indicate the intended use (motorcycling), overall level of performance achieved, symbol "KP" to indicate the presence of the knuckle protection;
- nr. and year of the reference Standard;
- size indication;
- pictogram instructing to read the User Manual;
- additional information: date of manufacture (MFR DATE), "Made in...".

NOTE: the Technical File contains a more detailed description of the PPE (material, method of assembly, photographs or drawings), performance data, safety functions and level of protection, elements of conformity to the basic and supplementary requirements. The Technical File is integral part of the present Certification, which has to be kept available by the applicant to be forwarded - upon request - to the entitled person (supervising body, Controlling Officer).
