

EU Type Examination Certificate

Date: 2020/01/17

n. **788200301/OE**

Validity:
2025/01/16

The hereunder described items of Personal Protective Equipment have overcome positively the "EU type examination" (Module B), proving their conformity to the safety and health requirements of the Regulation (EU) 2016/425 (Annex II)

Manufacturer: (Responsible of the PPE)	FERIDAX (1957) Ltd Park Lane, Halesowen, B63 2NT West Midlands – UK	
Type of PPE:	Motorcyclist's protective clothing – jacket.	
Category of PPE:	II : "medium" risks. This certificate is based on reference standards listed below: its validity is no longer ensured should new version of the standards come into force.	
Model:	"PLAZA" col. BLACK/FLUORESCENT GREEN	
Description:	<p><u>external side:</u></p> <ul style="list-style-type: none"> - black fabric declared 100% Polyester art. "MaxTec Fabric" (MF-06); - fluorescent green fabric declared 100% Polyester art. "MaxTec Fabric" (MF-06); - black fabric declared 100% Neoprene (NP-02); - edge in black fabric; <p><u>internal side:</u></p> <ul style="list-style-type: none"> - black fabric declared 100% Polyester (MF-06); - black fabric declared 100% Neoprene (NP-02); - edge in black fabric; - silver grey perforated fabric art. "Full Mesh Soft-Lining" (ML-03); - label in black/yellow fabric; <p><u>mid-layer:</u> black fabric (TL-03);</p> <p><u>removable lining:</u></p> <ul style="list-style-type: none"> - black fabric declared 100% Polyester art. "MaxTec Fabric" (MF-06); - black fabric art. "Removable thermal winter full lining black" (TL-03); - edge in black fabric; <p><u>main fastening system:</u> by means of a metallic zipper (PZ-03) and hook and loop closure (VS-03);</p> <p><u>wrist closure:</u> by means of a metallic zipper (ZS-03) and hook and loop closure (VS-03);</p> <p><u>external and internal pockets:</u> externally made of black fabric (MF-06) and internally made of black fabric art. "190-T PVC coated fabric" (PVC-20) with metallic zipper.</p> <p><u>protectors pocket:</u> shoulder / elbow / back: silver grey perforated fabric art. "Full Mesh Soft-Lining" (ML-03) with hook and loop closure.</p> <p>CE certified protectors (according to either EN 1621-1:2012 or EN 1621-2:2014) inserted in the garment:</p> <ul style="list-style-type: none"> - <u>shoulder protector:</u> art. "NF-8500 S" by M/s ATROX Industries; - <u>elbow protector:</u> art. "NF-8500 E/K" by M/s ATROX Industries; - <u>back protector</u> (OPTIONAL): art. "NF-8570" by NAN & F Enterprises. 	
Technical Standard:	<p>EN ISO 13688:2013 FprEN 17092-3:2018 (version 2018/05)</p>	<p>Protective clothing – general requirements Protective garments for motorcycle riders – Part 3: Medium-duty (class AA) protective garments - Requirements</p>
Intended use:	Motorcycling: preventive use – correct fitting and positioning of the inner protections are essential.	
Size range:	Men's sizes: from S to 4XL	

EU Type Examination Certificate

Date: 2020/01/17

n. **788200301/OE**

Validity:
2025/01/16

Technical File: **DC-11674/E**

Test report: **RCT n° 3834807/E**

Protective functions: The garment offers limited protection against mechanical risks arising from impact and abrasion in case of a fall while participating in motorcycling activities: CE-Certified incorporated impact protectors provide strengthened protection.

Typical test results obtained: This PPE item has reached the following performance:
Class AA (*) = the second highest level of protection, against the risks of the greatest diversity of riding activities. These garments are expected to have lower ergonomic and weight penalties than AAA garments, which some riders will not find acceptable for their specific riding activities.
Protective function is linked to the correct fit of the garment - also the inner impact protectors must be kept in their place: this falls within the responsibility of the user.

(*) = The applied Technical Draft document currently provides different levels of protection for garments including protectors/shells: from class AAA (highest level of performance) to class AA (medium level) to class A (lower level);
- class B for garments not including protectors / shells = just abrasion protection;
- class C for Impact protector ensemble garments.

Marking: printed on stitched labels displaying the following information:
- **CE Marking;**
- registered trademark, address and web contact of the Manufacturer;
- item designation (article name);
- pictogram to indicate the intended use (motorcycling), class of protection achieved, nr./year of the Technical Draft;
- size indication (commercial size);
- pictogram instructing to read the User Manual;
- composition materials, care/washing instructions, "Made in...".
